Total Coverage: 85 in W x 45 in L 2.16 m W x 1.14 m L	Total Coverage: 85 in W x 87 in L 2.16 m W x 1.14 m L
Total Height: (Head Clearance) 6.5 ft 1.99 m	Total Height: (Head Clearance) 6 ft 1.83 m

Triton II Board Rack

NOTE: Optional on all models with a tower.

The next evolution of the world's most celebrated board rack delivers a progressive step forward with the **Roswell Triton II**. Featuring Roswell's R-FLEX suspension technology, innovative features at every angle deliver the most advanced board storage solution on the water. The R-Flex Talon Catchhead conforms to any board edge shape with an autonomous grip to perfectly engage varying surface angles and contours in a way that naturally reacts as pressure is applied for a secure hold.

R-FLEX SUSPENSION TECHNOLOGY

Roswell R-Flex Suspension Technology has been integrated into the Triton II and Elite II delivering an innovative approach to molded board protection that keeps your weapon of choice on cloud 9. Two layers of dampening and deformation contour to any board to hold it snug and suspended from impact.

SPECIFICATIONS

Max Board Thickness:	2.5 in 6.35 cm
Min Board Width:	14.0 in 35.56 cm
Max Board Width:	23.0 in 58.42 cm
Mounting Hardware:	316 Stainless Steel
Materials:	6061 aluminum Hard duro TPE

Elite Board Rack

NOTE: Optional on all models with a tower.

The Roswell Elite swivel board rack is an excellent addition to any Forest River tower to provide additional storage space for one surf board and one wake board. The Swivel uses high-strength magnets to secure the locking mechanism at the end of its rotation, eliminating rattling and ensuring that the rack remains securely in position while traveling.

- **Surf Tine Gap:** 2.75 in | 6.98 cm
- **Wake Tine Gap:** 1.15 in | 2.92 cm
- **Tine Spread:** 10 in | 25.4 cm

Mag Swivel

- 2 Locking positions
- Machined from billet aluminum with a brushed anodized finish
- When used with clamp, Swivel Clamp Adapter required for level swivel motion
- Swivel Clamp Adapter not required with Roswell Tower Mounting Block
- To lock or unlock you must compress dampeners
- **Saltwater friendly**

Roswell R1 Spin Tower Speakers

Introducing the industry's first omnidirectional tower speaker, the [Roswell R1 Spin](#) has reimagined configurable sound to customize your crew's audio experience. Roswell's patented illuminated speaker housing brings an elevated ambiance along with the ability to position each speaker anywhere you wish. Dual-axis rotation points featuring Roswell's patented spin speaker technology put you in full control of the destiny of every decibel.

SPECIFICATIONS

- **Power:** 100W RMS | 200W PEAK
- **Frequency Response:** 50 Hz – 20 kHz
- **Extreme salt and UV resistance**
- **Speaker Spin Technology:** Allows the 8" R1 to spin 180 Degrees
- **Patented Roswell Illuminated Speaker Housing**
- **Patented Roswell Spin Speaker Technology**
- **Industry-First** Omnidirectional Tower Speaker
- **Anodized Aluminum** Frame
- **Stainless Steel** Hardware

R1 Marine Speakers

Roswell R1 Marine Speakers were the first discovery in a concept of clarity that has defined the pinnacle of sound on the water. Created without compromise, these speakers introduced new possibilities in marine audio, inspiring the development of the Roswell R1 Audio line.

- Extreme salt and UV resistance

- Klippel® Verified: Tested and certified to guarantee acoustic performance
- Custom-Designed Enclosure

R1 1" Tweeters

- Power: 50W RMS | 100W PEAK
- 316 Stainless Steel mesh grille
- Inline 12 dB/oct crossover
- Can be angled up to 10° within mounting cup
- Extreme salt and UV resistance

Roswell Marine's OEM Audio Systems

Customized for each application, pre-built, packaged and shipped ready to rock.

MODEL SPECIFIC PLUG & PLAY SYSTEMS

Our custom plug-and-play systems reduce the margin for error to ensure efficient factory installation and maximum performance.

FACTORY TUNED PERFECTION

Every amp board is built to spec per boat model, then tested and tuned in sound rooms created for each individual OEM partner. This unique process includes a series of checks by our trained audio technicians with the system fully configured to the specified boat model, eliminating the need for additional tuning after installation.

CUSTOM SUB BOXES

Roswell Marine acoustically patterns each boat model to create an unmatched listening experience. Working with Forest River to seamlessly integrate our premium R1 audio systems, custom subwoofer enclosures are designed for each specific application to maximize space and sound on the water.

Digital Media Receivers

ROSWELL MARINE DIGITAL MEDIA RECEIVER

Master your moments with the [Roswell Digital Media Receiver](#) featuring bluetooth connectivity, AM/FM Radio, and USB/Aux inputs. IP66 rated for excellent water resistance, this versatile sound solution commands your arsenal of audio in harsh marine environments.

- Built-in bluetooth
- 3 in full color display
- RGB Backlit Keypad
- AM/FM | USB/Aux inputs
- 5 Band equalizer
- 2V RMS RCA Preamp outputs
- Internal Amplifier: 50 Watts x 4
- 4 Zones (3 full range + 1 subzone with adjustable low pass filter)
- IP66 rated for excellent water resistance (when properly installed)
- Protective silicon cover included

ROSWELL MARINE DIGITAL MEDIA WIRED REMOTE

The [Roswell Digital Media Wired Remote](#) delivers convenient control of your media receiver in a secondary location on your boat. Featuring a compact design and IP66 rating for excellent water resistance, mount it anywhere you want to DJ from a distance.

- IP66 rated for excellent water resistance (when properly installed)
- Backlit LCD Display
- Allows source switching and zone control
- Single Wire Hookup for easy installation
- Ideal for mounting near swim platform or any secondary location where stereo control is
