

COBALT BOATS

R
ROSWELL.
MARINE

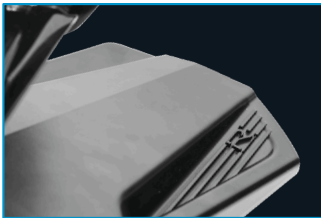

Cobalt's pursuit of excellence in every category takes your experience on the water to the next level with [Roswell Marine](#). Purpose-built to last in freshwater and saltwater environments, enhance every moment with products specifically designed to perfection for your boat.

Reflect 360 Mirror

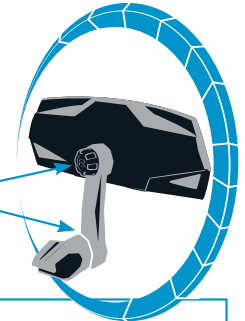

Reflect 360 Mirror delivers a new level of adjustability to give you the perfect viewing angle in any application. Dual 360 degree rotation points allow you to reposition your mirror effortlessly on the fly. Enjoy a clear line of sight both ahead and behind you from a single mounting location with 144 degrees of panoramic reflection. Quickly move the mirror away from the walk-through and under the windshield for storage with convenient tool-less adjustment that makes the Reflect 360 the most user-friendly mirror on the market.

Molded Hand Grips

High Definition Shatterproof Mirror with 144° Viewing Angle

DUAL 360° ROTATION POINTS

Tactile Feedback When Positioning

New Over-molded Soft-Touch Mirror Knob

- **Options:** Chem-filmed Gloss Black and Gloss White
- **Material:** 6061 Aluminum

Triton II Strapless Board Racks

The next evolution of the world's most innovative board rack has arrived with the **Cobalt Triton II**. Featuring Roswell's all-new R-FLEX suspension technology, new features at every angle deliver the most advanced board storage solution on the water. The all-new R-Flex Talon catchhead conforms to any board edge shape with an autonomous grip to perfectly engage varying surface angles and contours in a way that naturally reacts as pressure is applied for a secure hold.

New R-Flex Talon catchhead design conforms to the board edge with an autonomous grip that naturally reacts to any shape as pressure is applied for a secure hold.

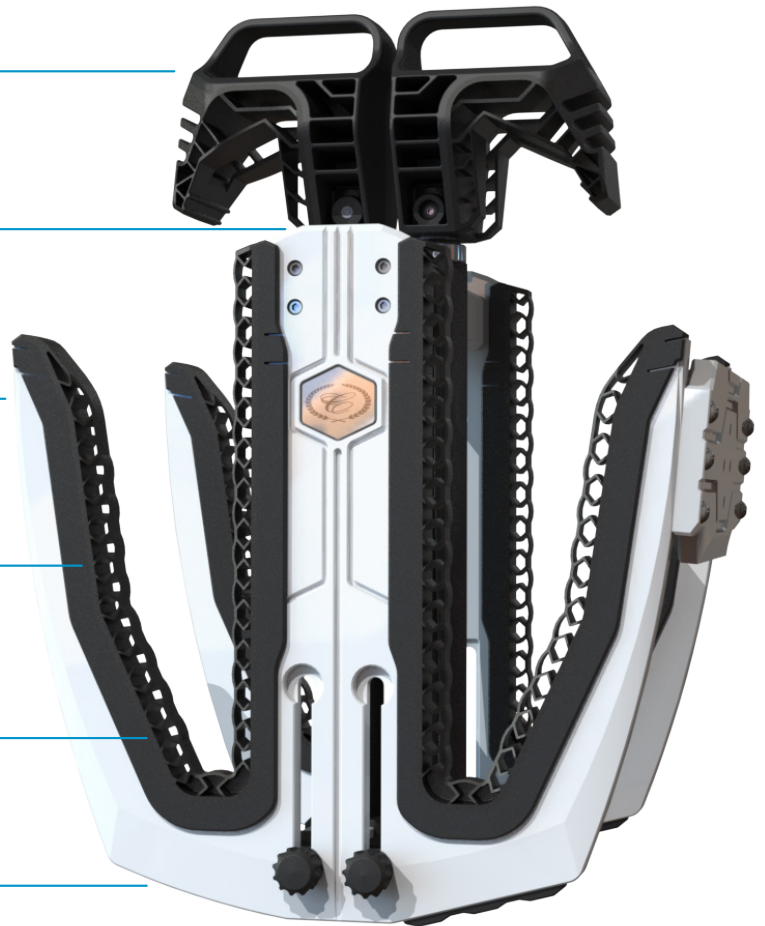

Adjustable telescopic arms allow you to securely hold a small child's wakeboard and a large, wakesurfer securely in the same rack.

All Stainless Steel hardware.

All-New Roswell R-FLEX Suspension Technology featuring two layers of molded board protection.

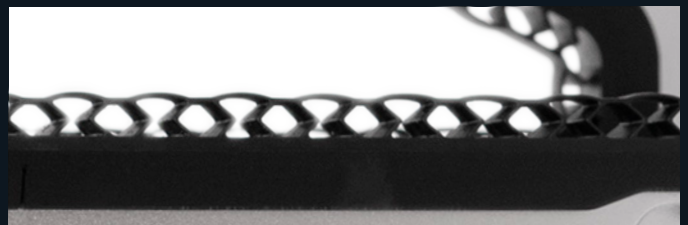

Fits wakesurfers and wakeboards up to 23" wide and 2.5" thick.

New mounting points deliver vertical and horizontal configuration options.

R-FLEX SUSPENSION TECHNOLOGY

All-new Roswell R-Flex Suspension Technology has been integrated into the Triton II delivering an innovative approach to molded board protection that keeps your weapon of choice on cloud 9. Two layers of dampening and deformation contour to any board to hold it snug and suspended from impact.

COBALT ELITE BOARD RACK

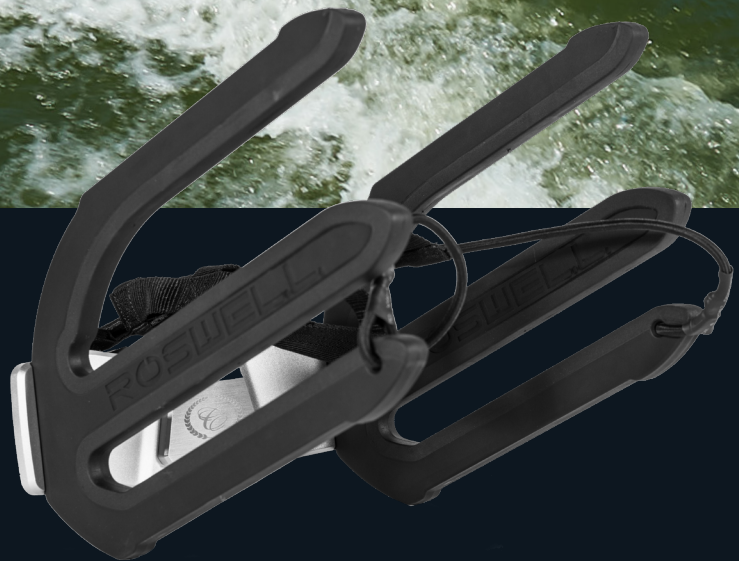

NOTE: Standard on all surf models & optional on any models with a tower.

The **Cobalt Elite Board Rack** is an excellent addition to any Cobalt tower to provide additional storage space for one surf board and one wake board. The Swivel uses high-strength magnets to secure the locking mechanism at the end of it's rotation, eliminating rattling and ensuring that the rack remains securely in position while traveling.

SPECIFICATIONS

- **Surf Tine Gap:** 2.75 inches / 6.98 cm
- **Wake Tine Gap:** 1.15 inches / 2.92 cm
- **Tine Spread:** 10 inches / 25.4 cm
